TRIACTA APPOINTS DIRECTOR OF SALES

June 1, 2004, Almonte ON—Triacta Power Technologies Inc. (www.triactapower.com), a company developing electricity monitoring and control tools for small business and light industry, today announced the immediate appointment of Jason Dewar as Director of Sales.

“I am very pleased to have Jason join Triacta”, said Rob Brennan, President and CEO. “Jason’s technical expertise and ability to foster strong channel partnerships will help us execute our aggressive growth strategy.”

Prior to joining Triacta, Jason was Regional Account Manager at Sciometric Instruments, where he was responsible for both direct and channel sales. Jason is a professional engineer, holding degrees in electrical and mining engineering, is a Certified Management Accountant, and recently completed his MBA at Queens University.

Triacta Power Technologies

Formed in 2003, Triacta is a privately-held company that develops and sells electricity monitoring and control tools for businesses that typically spend more than \$2,000 on electricity per month. Triacta can help these businesses reduce their power bills by 10 to 30 percent. For more information please visit www.triactapower.com or call (613) 256-2868.
