TRIACTA AND ENERGYSHOP CONSULTING SIGN NATIONAL SALES AGREEMENT

Cost-Effective Electricity Monitoring and Control now Available across Canada

June 21, 2004, Almonte ON—Triacta Power Technologies Inc. (www.triactapower.com) and EnergyShop™ Consulting Inc. (www.energysshopconsultinginc.com) today announced that they have entered into a national sales agreement. Under the non-exclusive agreement, EnergyShop Consulting will present Triacta's circuit-level electricity monitoring and control products to businesses across Canada.

“We're very pleased to welcome EnergyShop Consulting as a valued member of our Partner program,” said Rob Brennan, Triacta's President and CEO. “EnergyShop's focus on impartial, cost-effective energy auditing and retrofit programs is an excellent fit for us and further demonstrates the ability of our products to provide real value to Canadian businesses. We look forward to a long and mutually rewarding relationship.”

“The fastest way to decrease utility costs is to use less electricity, and Triacta's products will help our clients maximize energy efficiency. The circuit-level energy consumption data will also help Energyshop to negotiate the best supply contracts on our client's behalf.” explained Wayne Beamish, President of EnergyShop Consulting Inc. “EnergyShop's goal is to help our clients reduce their utility costs, in a fair and objective manner. Our partnership with Triacta will only enhance our current service offering.”

About Triacta
